

JUNIOR LEAGUE OF BEAUMONT

August 2, 2021

ATTN: All Beaumont Area Non-Profit Organizations

A primary goal of the Junior League of Beaumont is to enrich the quality of life in Beaumont and surrounding communities by targeting and resolving critical needs in our community.

Each year, the Project Research and Development Committee is charged with identifying critical needs in our community. Once these needs are identified, we have two means by which we can assist in resolving them: adopt a project through which the Junior League provides trained volunteers and the funds required to complete the project or provide financial assistance through our Community Assistance Fund (CAF).

The Community Assistance Fund provides emergency, short-term financial assistance to eligible organizations serving Southeast Texas communities. Last year we granted over \$50,000 to eligible organizations! We are excited to announce that during the 75th anniversary of the Junior League of Beaumont, we will be granting \$75,000 total through the Community Assistance Fund Fall and Spring application process.

An information sheet regarding this fund is attached, along with the application agreement, which must be completed and submitted with all requested documentation. Grants from this fund are awarded twice each year, fall and then in the spring. **Community Assistance Fund applications must be completed and postmarked by October 1, 2021, to be considered for our Fall awards, or February 4, 2022, for our Spring awards.**

The League appreciates all that you do for our community. While we will not be able to fulfill every organization's request, please be assured that we will do what we can to work with you to meet the needs of our great Southeast Texas community.

Should you have any questions regarding this information, please feel free to contact me by phone at (512) 965-1001 or by email at CAF@juniorleaguebeaumont.org.

Sincerely,

Amanda Yarbrough
Project Research and Development / Community Assistance Fund Chair
