PRESIDENT OF JUNIOR LEAGUE BEAUMONT  
SHANNON FIGUEROA 2019-2020

“ Every new beginning  
comes from some other  
beginning's end. ”  
- Jenna Evans Welch Jr.

This has definitely been a challenging year with all of the things that have plagued Southeast Texas during 2019-2020 – Tropical Storm Imelda, the TPC Explosion, and the COVID-19 Pandemic. But, it has also been a year where the heart of the Junior League of Beaumont shines through, come what may. I have said “Together we are unstoppable” all year long, and it has proven true. Through these trying and unprecedented times, members of the Junior League have done what they do best – bound together to meet the critical needs of our community. Whether it was volunteering to help clean out flooded homes, collecting and distributing needed items to the community, preparing or providing meals, or sending words of hope and encouragement, members of the Junior League did what they could in service to our community using their unique power as talented and driven women working together.

I would like to thank our wonderful members for a rewarding year. Without your hard work and dedication, the Junior League would not be where it is today. I love seeing your smiling faces, and I am sorry that our wonderful plans for the spring were cut short. I would like to thank our lovely Sustainers for

their loyalty and for supporting the Junior League so selflessly. To our Committee Chairs, Council Directors, Board, and Sustaining Advisors, thank you for your leadership, for bringing fresh ideas to the League, and for overcoming each obstacle you faced, all while exceeding expectations. To our fundraising chairs and committee members, thank you for your hard work and dedication. The community will benefit greatly from your efforts. To our community partners and supporters, we would not have had such a successful year without your love and support. Southeast Texas is blessed to have each one of you.

It was a true honor to serve you as President this year. I hope you have a wonderful summer, and I cannot wait to see you all next year.

**Together we are unstoppable!**

“Every new beginning comes from some other beginning's end.”

# EDUCATION & TRAINING

By Linsi Walker

When thinking about the new educational initiatives that we have embraced as a League this year, one of my favorite takeaways has to be the relationship we have established with the Southeast Texas Nonprofit Development Center. Under the management of Executive Director, Deborah Drago, the Southeast Texas Nonprofit Development Center is such a rich resource for nonprofit organizations and the individuals dedicated to “connecting nonprofits to success” and “shaping the future of the nonprofit sector in Southeast Texas.” As a new member of the Center, the Junior League of Beaumont has access to all of the programs that the Center offers including professional development workshops, conferences, and networking opportunities.

On Tuesday, March 10, Deborah Drago gave an interactive training titled “Get On Board”

for Active League members that are interested in learning more about what is involved in becoming a board member for a nonprofit organization. Deborah shared some enlightening data with members regarding current demographics of nonprofit boards, primary board responsibilities, the benefits of serving on a nonprofit board, and other relevant points to consider when weighing the commitment associated with board service. Deborah’s presentation materials can be accessed on Digital Cheetah under Actives and Provisionals, Files, Education Resources.

Following Deborah’s presentation, members engaged in a very transparent discussion with panelists Mellie Bevilacqua (Executive Director of the Foundation for Southeast Texas), Stephanie Vanskike (JLB Sustainer and Executive Director of Crime

Stoppers of Southeast Texas, Inc.), and Sara Norman (JLB Active, Partner at Orgain Bell & Tucker LLP, and current board member for various nonprofits) about real expectations of board members and how to be impactful in a board position.

The following points are great reminders if you are already on a board or action items on how to take the next steps should you be interested and have the opportunity to join a nonprofit board.

\*\*Please note that our plans to sponsor interested JLB members to attend the Southeast Texas Board Summit hosted by the Southeast Texas Nonprofit Development Center as a networking opportunity are still in place, but the date of the event is being rescheduled and is currently to be determined.

## 1 Benefits of Serving on a Nonprofit Board

# girls' haven MENTORSHIP EXPERIENCE

by: Laine Morrison

I have been in the League for six years, and I am currently serving on the Healthy Behaviors Committee. I decided to become a Girls' Haven mentor through my current placement in the League with Healthy Behaviors after we organized Friendsgiving before the Thanksgiving Holiday. I was having a wonderful time at Friendsgiving with the girls, and one of the young ladies asked if I could be her mentor.

That really got me thinking, and I decided to take action and get involved. As it turns out, the young lady who motivated me to become a mentor has since moved to Dallas to be with extended family. This is happy news for her, but it still didn't change my desire to become a mentor because I recognized the need for Girls' Haven mentors. I have now been paired with another young lady, who I am so happy to know. But before I was paired, I had to apply with Girls' Haven to serve as a mentor.

The application process includes the completed application, three letters of recommendation, and a background check. Once your application is approved, you meet with the Girls' Haven mentor coordinator, who then introduces you to your assigned mentee. The best part about applying to become

a mentor is that you do not need any special training or classes. You just apply and begin.

I have only been in the mentor program for one month, but in my first month, I started my mentorship by meeting with my mentee one-on-one at Girls' Haven (at the recommendation of Girls' Haven staff). After your first meeting, you can start organizing outings with your mentee. For my first outing, my mentee and I went to the Hike Bike Trail together. I brought my dog along, which she loved! I am looking forward to planning something special for our next outing because my mentee's birthday is in April, and I want to celebrate!

Usually, I meet with my mentee once a week, and I am fortunate to be able to text and call her, which is wonderful because I feel that I can make more of an impact. Unfortunately, not all of the girls have cell phones, but I am very happy that she and I can keep the lines of communication open! It is recommended that mentors spend at least two days a month with their mentees, and it is so easy to meet the requirement because you make that connection and bond really easily.

It is my hope that my mentee enjoys spending time with me as much as I enjoy spending time with her. We

are making plans to do some sewing crafts together in the near future. During our first outing together, I learned that she enjoys sewing. I am excited to learn from her!

I would definitely recommend becoming a mentor for Girls' Haven. Girls' Haven has friendly and supportive staff, but the girls know that the staff are paid to be friendly and supportive. With mentorship, it is different, and it means the world to mentees to know that their mentor specifically chose to be with them and make them feel special. This program is so important for each girl, especially because all of the girls at Girls' Haven are there through no fault of their own. For me, the mentorship program is a blessing because it ensures each girl in the program knows that she is not being overlooked or forgotten.

I believe that every person should become a mentor for Girls' Haven. So far, I have loved every moment. However, my favorite thing is getting my mentee outside to enjoy the fresh air. The most touching moment for me happened after my daughter made my mentee a picture. I gave the drawing to her, and then later, I saw the picture displayed in my mentee's room. It meant the world to me to know that no matter how big or small the gesture, it all makes a difference.

# LEADERSHIP BEAUMONT

Leadership Beaumont is truly the best kept secret in Beaumont. To be honest, it's hard to talk about it. As a participant, you are initiated into it - much like being introduced into a secret society. At the first meeting, we were told, "You, dear participant, should create as much intrigue and suspense around it as possible." So here is my best shot at it.

For years, Beaumont has built a wonderful leadership program for those in this community. It is exemplary. A place where future and current community makers come together to learn, interact, create, ignite, and any other positive verb you want to add. This program truly is the perfect setting to learn about this wonderful place in which we all live or commute.

What is the best kept secret? Well, I am here to talk about it. Leadership Beaumont (LB) is a place to network, serve, build community awareness, and learn about yourself. There are so many people from our community who have participated throughout the years and so many more of us that still need to participate. It's a wonderful place to plant a seed and watch it grow.

I am proud to be a part of the Leadership Beaumont Class of 2019-2020! As you participate in LB, you learn so much about yourself and your leadership style, as well as your strengths and weaknesses. This year, I was nominated and sponsored by the Junior League of Beaumont to participate, and it has been a wonderful honor. Definitely worth every bloody minute of it. As you participate, you learn and develop as a member of a team made up of current and future leaders, and together, you are able to establish within our community a sense of empowerment.

During the program, I attended many different meetings where I had no idea what I signed myself up for. But, I was given all the tools and elements that I needed, a team, and best of all, a challenge. All participants are challenged to improve our community. How? It's up to you. All we need to be a wonderful community is within us!

After going through the program, I can say that LB 2019-2020 is without a doubt the best graduating class EVER! I highly encourage each of you to sign up. If you don't know how, feel free to call me or reach out. I will gladly guide you through the steps. Also, if you are new to this community, LB is a great integrational tool. Through this program, you can not only find your purpose, but also your sense of belonging in our community.

The year 2020 has not lacked in the area of the extraordinary. It has had a spin of its own; it has made us, with only three months in, already overcome so much. It has also forced us to come together as a community. We are one. We are suffering and scared together. We are strong! We will make it through. We will be OK.

As I sit here typing this small "vague" description, I can't help but realize what wonderful blessings both the Junior League of Beaumont and Leadership Beaumont are in my life. I could not have found this incredible sense of community without both wonderful groups, not to mention my job for allowing me the time commitment.

Thank you all for the opportunity.

*Cristina Lawson*

Every year, the Junior League of Beaumont has the opportunity to sponsor one Active Member of the League to go through the Leadership Beaumont Program and serve as the JLB Leadership Beaumont Delegate. The JLB Leadership Beaumont Delegate is required to submit an article to the Spinnings Editor for publication in Spinnings and submit a report to the Project Research and Development Chair following completion of the Leadership Beaumont program. (Per Article 10, Section 4 of the Bylaws of the JLB) If you are interested in representing the Junior League of Beaumont in the Leadership Beaumont program for this upcoming year, please contact the League Secretary at [jlb@juniorleaguebeaumont.org](mailto:jlb@juniorleaguebeaumont.org) to note your interest.

# dancing <sup>2020</sup> with the stars OF SOUTHEAST TEXAS

Dancing with the Stars of Southeast Texas was held on March 6, 2020, at the Beaumont Civic Center. It was a star studded event filled with dancing, dinner, and essential fundraising for the Junior League of Beaumont. Our fourth annual event brought 8 star couples to the stage vying to be the winners of the Mirrorball Trophy and Fan Favorite Award. Judges Michele Smith, Barbara Quinn, and Albert Nolan brought the laughs, and Mistress of Ceremonies Shelly Vitanza was a crowd favorite as always. But this night belonged to our stars. After months of hard work on the dance floor, they gave performances of a lifetime.

Dr. Shannon Allen and Dr. Belinda George of BISD led off the show with their all-girl-team performance. Jennifer Burch and Larry Spears, Jr. danced their way through a few decades. Jillian Fertig was high flying with her aerial silk performance, and Jason Byrd was down to earth as he flipped and busted a move. The "Greatest Showman" themed lyrical performance of Lacey Mabry and Dr. Andrew Victores was a real crowd pleaser. Danita Fierce and Logan Sherlock brought a bit of country to the show. Maureen Winchell and Dr. Ronald Risinger danced their way into the winner's circle with their Broadway performance.

Mattie Beaver and Dr. Jimmy Simmons put together a Grease-themed performance, which included Simmons with a saxophone solo and dancers from the Bonnie Cokinos School of Dance as backup dancers. Last but not least, Kate Carroll and Justin Huff discoed on down in their performance.

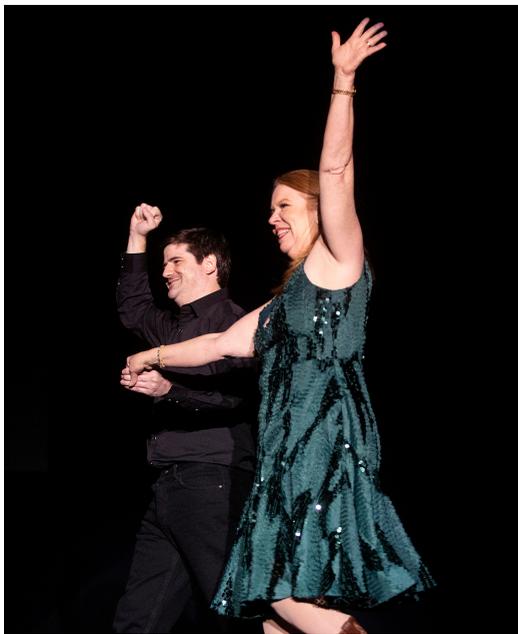

In the end, Lacey Mabry and Dr. Andrew Victores were crowned Fan Favorite, and the coveted Mirrorball went to Maureen Winchell and Dr. Ronald Risinger. Save the date for the 5th annual Dancing with the Stars of Southeast for March 5, 2021.

## HEALTH FAIR

### Healthy Behaviors Health Fair:

The 18th Annual St. Katharine Drexel Health Fair was held at Martin Luther King Middle School in Beaumont on March 7, 2020. JLB gave the St. Katharine Drexel Health Fair a CAF grant to go towards their traveling mammography van. Theresa Herink, the Health Fair Coordinator, also invited Healthy Behaviors to have booth space at the fair.

Healthy Behaviors committee member, Allison Heare, a registered nurse, was put in charge of planning. Allison put together educational materials in both English and Spanish. The educational material involved teaching our simple-to-follow "5-2-1-0" message: five servings of fruits and vegetables a day, two hours of non-educational screen time or less daily, one hour of movement per day, and zero sugary drinks/drugs/alcohol. There were coloring sheets and crayons provided for the kids as well.

Jessie Goodman of Party Hat Celebrations constructed the most colorful balloon arch to decorate the booth - it really attracted a lot of positive attention and drew people over. Committee members purchased almost \$200 worth of fresh fruit and reiterated our 5-2-1-0 principle with EVERY person that stopped by. We were fortunate to have a Spanish translator with us from Kelly High School, who ensured that communication lines were open. We gave away 100 percent of our fruit, and the kids loved helping to disassemble our balloon arch when the fair was over.

### Lilia Stevens - Health Fair Board Member:

I was so pleased that Healthy Behaviors with the Junior League came to our event. The Health Fair serves persons in the area/neighborhood surrounding M.L. King Middle School, which is in the 77701 zip code. The Health Fair aims to help people who are underinsured, uninsured, or medically underserved individuals who might not otherwise receive care and services necessary to ensure optimal health.

These services included medical services, such as hearing and speech, dental, vision, children's health, mental health, women's health, flu shots, and vital signs (height, weight, blood pressure, and glucose evaluated by Gift of Life, Men's Health and Gift of Life, Internal/General Medicine), social services (provided by almost 20 providers, including 2-1-1 and local health departments, Goodwill, Catholic Charities of SETX, and Hope Women's Resource Clinic), and general services (voter registration and U.S. Census).

Southeast Texas Food Bank provided food boxes and had representatives to assist with applying for SNAP, as well as, to discuss nutrition. Free clothing, hygiene products, and books were also distributed. There were many agencies present to which the JLB provides CAF grants to, and it was great to see our work in action.

Junior League of Beaumont  
2388 McFaddin Street  
Beaumont, Texas 77702

Before 2019 ends, on behalf of the Board and other volunteers of the St. Katharine Drexel Humanitarians, thank you again for your grant. The partial reimbursement of the cost of the UTMB Mobile Mammography Program has benefited many women most in need with breast cancer detection and prevention. The SKDH have partner with the Julie Rogers Gift of Life Program for many, if not all, of our 17 annual health fairs. The events and the follow-up funds for additional examinations, testing, treatments and prescriptions are made possible only through mutual concern, like that of the Junior League of Beaumont, and the grants and donations offered.

A date has been set—March 7, 2020—for the 18<sup>th</sup> annual event and preparations are underway. Your grant entrusted to SKDH has already benefited many women who were examined and tested at our 17<sup>th</sup> health fair in February of 2019 and the partial reimbursement of that cost freed up funds to pay in advance the cost of the 2020 van. I have notated my calendar to send the summary of the next event's success. Thank you again and may the peace and joy of the 2019 Christmas Season be experienced throughout the year 2020.

  
Anita Durham, Board Secretary

An acknowledgment with detail for the Foundation's tax records will be sent by the staff of St. Anne in January.

# The New Way We Found Our **BEST** Fit:

## A Look at JLB's New Placement Matching Tool

By: Sara Norman, Membership Council Director; Nominating & Placement Committee Chair

Each year, the Nominating & Placement Committee spends hours in the fall and in the spring helping to make the best choices for the upcoming year's League Leadership. With the help of nominations from the general membership, interviews, and recommendations from current leadership, we present the slate of the incoming Board of Directors at our December meeting, which must be approved by majority vote of the membership at our January meeting.

Once those ten key leaders are in place, the work begins to recommend to the remaining 120 members their ideal placement for the upcoming year. Each member has a Placement Advisor who acts as a mentor and a guide for the ways a member can serve within the League in her 10+ years of active membership. In the past, JLB used paper forms, interest shared with current or upcoming

leadership, and went through a (sometimes confusing) months-long communication process to set every member in a placement that JLB felt would be valuable to the League's work and enjoyable to the member. We knew there had to be a better and more efficient way. It turns out that AJLI was already working on a way to help.

Under the recommendation of 2018-2019 Membership Council Director, Tea Do, and then-Incoming President, Shannon Figueroa, the Junior League of Beaumont applied for a pilot program through AJLI designed to innovate the way we select placements. After an application and interview process, JLB was selected as one of 35 Junior Leagues nationwide to participate in onboarding of the new Placement Matching Tool. The Placement Matching Tool matches members to League placements using members' input on their development

goals and availability. It offers a six-step process in which members make an annual commitment to their League, self-identify the skills and competencies they want to develop and share in their volunteer work, and rank their system-recommended placements on the basis of their desired member experience. When explaining it to our membership, we likened it to a dating app for your Junior League work: pick the traits you want in your position, and we will help you find the best fit!

As with any new process, it was not without tons of effort from the whole committee. From monthly webinars, roundtables, and deliverables to AJLI, to opportunities for one on one interviews with every single League member, the Nominating and Placement Committee members then put all their know-how to the test when the time came for us to launch our Placement Matching Tool. We were all hopeful and the results exceeded our expectations! Members were responsive and involved, and Advisors were discerning and helpful. While we usually publish placements to our membership at our March Placement Meeting, we adopted social distancing early, and instead, we are proud to announce the 2020-2021 Active Membership Placement here in our last issue of Spinnings!

When you recognize names on this list, give a shout out to our members and tell them how thrilled you are for their next placement. We can't wait to see how these women innovate their roles and lead JLB through another fantastic year!

## IN-LEAGUE COMMITTEES

**EDUCATION/TRAINING:** This committee is responsible for putting together our education and training opportunities, which take place year-round. They plan, organize, and help to execute these meetings. The standing member of this committee is the Education/Training Chair. This committee chair serves on the Planning Council and reports to the Planning Council Director.

**FINANCE:** This committee meets about once a month to administer the current budget. They also advise the Board and Membership on financing of all the League endeavors and prepare next year's budget for presentation to the Board. Additionally, this committee will study our current fundraisers and investigate the interests of the Membership to develop a proposal to present to the Treasurer-Elect for her Ways & Means proposal. The standing members of this committee are the Treasurer, who serves as Chair, the Treasurer-Elect, who serves as step-up Co-Chair, the Immediate Past Treasurer, the President-Elect, and the chairs, co-chairs, and business managers of each fundraiser. This Committee Chair and Co-Chair serve on the Finance Council and report to the Finance Council Director (Treasurer).

**FUTURE PLANNING:** This committee assists the President-Elect in planning for the next year and researches and studies issues confronting the League brought forward by members, Sustainers, and the President. They will assess the needs of the membership through surveys and speak-outs at General meetings throughout the year. Future Planning will evaluate the strategic plan of the JLB and form recommendations on which Board decisions may later be based to make our League stronger and better. This committee chair serves on the Planning Council and reports to the Planning Council Director.

**HEADQUARTERS:** The Headquarters Committee is responsible for helping to make plans, decisions, and purchases for the continued maintenance and preservation of our facility. The standing member of this committee is the Headquarters Chair. This committee chair serves on the Membership Council and reports to the Membership Council Director.

**MARKETING:** The Marketing Committee is responsible for addressing the publicity needs of the JLB, such as holding roundtables and utilizing all forms of media, including write ups for the website and social media posts. They are also

responsible for choosing members each month to recognize outstanding service and for the design and sale of JLB logo items. This committee has no standing members. If the committee is formed, the Communication Council Director serves as chair, unless she appoints another committee member as chair. This committee chair serves on the Communication Council and reports to the Communication Council Director.

**MEETING ARRANGEMENTS:** The Meeting Arrangements Committee plans and helps prepare all of the refreshments for the JLB General meetings each month. The work is done on a rotating basis, so its members will usually only have to bring or prepare something no more than two or three times throughout the year depending on how many Members sign up for the committee. The standing members of this committee are the Meeting Arrangements Chair and Co-Chair. This committee chair serves on the Membership Council and reports to the Membership Council Director.

**PROJECT RESEARCH AND DEVELOPMENT/CAF:** The Project Research and Development Committee assesses our community projects' effectiveness and sustainability. They seek to fill needs in our community by proposing projects that could be ongoing committee projects or a signature project. They oversee the application process, select recipients, and administer CAF grant funds. The standing members of this committee are the CAF/PRD Chair and Co-Chair. This committee chair serves on the Community Council and reports to the Community Council Director.

**FUND DEVELOPMENT:** This NEW committee is the strategic arm of all incoming revenue for the Junior League of Beaumont. The Fund Development Committee identifies and plans small-scale fundraising initiatives, identifies and writes grants, creates donor relations strategies, and establishes diversified funding initiatives. This committee works with the Marketing Committee, the Spinnings Committee, and our two fundraisers to develop an annual corporate sponsorship package to utilize all of the League's fund development resources. This is a great in-league committee to join if you want to have a fun time fundraising and learning skills and strategies to run a successful nonprofit.

# ALFREDA'S SHRIMP CREOLE

by Grace Naquin Cordts

## Alfreda's Shrimp Creole **Lagniappe A Little Something Extra**

1 onion, chopped,  
2 stalks of celery, chopped  
1 bell pepper, chopped  
½ cup of cooking oil  
2 pounds of shrimp, cleaned  
1 can (8 ounces) tomato sauce  
1 can (6 ounces) tomato paste  
½ teaspoon MSG  
Salt and Pepper  
2 teaspoons of parsley flakes  
½ teaspoon of seafood seasoning  
1 ½ cups of water  
Cooked Rice

Sauté onion, celery, and bell pepper in oil until tender. Add shrimp, tomato sauce, paste and seasonings. Add water and simmer slowly for at least 1 hour.

Serve over cooked rice.

MALLORY  
CROSS

Goodness gracious y'all. If there has ever been a time to get crafty in the kitchen and learn how to cook new things, it is now. Although this time is uncertain, I know that all of us in the Junior League are appreciative of the time we have to spend with one another and our families. Since we can't get together with everyone and are confined to our homes, I know we are all looking for easy recipes to cook for ourselves and our families.

As you all know, I started out this journey as someone who did not like to cook and didn't really know how to cook, besides the easy break and bake cookies. I can honestly say that now I really enjoy cooking and love finding new recipes to try. For this month's recipe, I was looking for ingredients I already had, so I didn't have to go out and deal with the grocery stores. Lucky for me, I always try to keep frozen shrimp on hand, a stock of tomato paste and sauce, celery, and onion. So when I came across this recipe, it was a no brainer.

Out of all of the recipes I have made, this was the easiest! Chopping up the onion, celery, and bell pepper was a breeze, which says a lot because I was really struggling with just normal chopping in the beginning of this. Thank goodness I found a bell pepper hidden in the back of my drawer - otherwise, I would have gone without. The bell pepper was a little dry, but I made it work. I sautéed the veggies in a large/kind of deep saucepan, and it did the trick. The recipe calls for MSG, but I did not have any so I left that out. Also, I did not have a specific seafood seasoning, so I just used Tony Chachere's to taste. I like my creole food with a little heat, so I probably used about a full teaspoon. The recipe says to cook on low for about an hour, but the shrimp was fully cooked in about 30 minutes. So, I just turned off my burner and let it sit until I was ready to eat. Once I was hungry, I turned my burner back on for about two minutes to heat everything back up to perfection. I cooked a box of 1-minute rice that was super easy, and then I devoured it!

This was definitely a recipe that I will make again, and I hope that you give it a try.

Thank you for following along my journey this year as I slowly but surely have become a better cook. If I have learned anything from this experience, it is that practice makes perfect. In the beginning, I was afraid to cook, but through this process, I have learned to love the experience. Of course, it helps that you have something tasty to eat when you're done. I strongly encourage everyone to stay home and cook during this time - you just might learn that you enjoy it!

- Mallory Cross

## CUL-DE-SAC KIDS COVID-19 RESPONSE TEAM

[ The perfect way to social distance while keeping in contact with friends ]

### Greetings...

Congratulations, you have been selected as members of the Cul-de-Sac Kids Covid-19 Response Team. You were selected from dozens of homes in the Dowlen West Neighborhood to be apart of this unit. Your exemplary civic-mindedness, general hygiene skills, and critical cookie reserves are all pointed examples of your future effectiveness to this team. This multi-organizational coalition will be vital in the completion of our goal: being totally responsible for the complete eradication of this disease by a group comprised of members under 8 years of age.

Thereby, henceforth you are now commissioned into the ranks of CSK-C19 Team. Your duties are as followed:

- CONDUCT DAILY ROLL CALL (DRC) via provided short wave radio (Time of DRC TBA, ok?).
- MAINTAIN VIGILANCE upon the areas assigned for your dwelling and fellow Team members.
- OBEY THE ORDERS of those appointed over you- Mom, Dad, etc. Their orders outweigh CSK-C19 Team directives, slightly.
- ENSURE PERSONAL AND DOMICILE HYGIENE standards are always kept to a BUCEES RESTROOM LEVEL at a minimum.

The coming days and weeks will test our resolve and jellybean rationing skills, but with your help, we can accomplish the goal of keeping ourselves and our neighborhood safe and sane (relatively). The first muster will be held on **23MAR20 @ 1400 on CH 4**. We welcome you into this coalition and hope you embrace our new family motto:

“Washing Hands, Hearts, and Minds” - Wells.

Finally, please choose a handle for short wave radio communication. No handle is necessary for radio comms, but who doesn't like a good nickname. Godspeed, and may the only thing we experience communicably is TEAM SPIRIT!!  
Respectfully,

Seth Wells aka “Smoke”  
Sarah Wells aka “Twinkle Toes”  
Hank Wells aka “Hammerin’ Hank”

People in Southeast Texas continue to step-up and help one another. I am so proud to live in this community. On an entertainment note, I really enjoy playing trivia every Tuesday night at Madison's. Not to brag, but we usually come in with a solid score.

**WHICH ACCOMPLISHMENTS ARE YOU MOST PROUD OF?** The accomplishment I am most proud of would have to be my Emmy nomination. I was nominated very recently for one of the first stories I worked on in Southeast Texas. It is called "Justice for Kamisha." The story is about the death and subsequent cover-up of Vidor-native, Army Specialist Kamisha Block. If you have a second, google her name. Kamisha's family deserves answers and accountability. After my story aired, an investigation into her death was re-opened.

**WHAT INSPIRED YOU TO JOIN THE LEAGUE?** League member, Lindsay Brake! Lindsay was one of my first friends when I moved to town. I told her I wanted to get involved with the community and was looking for ways to give back. She suggested the Junior League and agreed to be my sponsor. (Thanks Lindsay!) Now, I have met so many incredible women, made so many friends, and feel as though I am contributing to my community in a meaningful way.

**IF YOU HAD TO PICK A COCKTAIL THAT BEST DESCRIBES YOU, WHAT WOULD IT BE?** Martini. Shaken, not stirred.

**ANYTHING YOU THINK OTHERS WOULD BE SURPRISED TO LEARN ABOUT YOU?** I can make a balloon animal. Just one though, a dog. Also, I worked on two documentaries while in college. For one, I took a trip across the country, and the other one involved a trip to Italy and Israel with a prominent Rabbi and the Bishop of Pittsburgh, along with people from both faiths.
